4. Click the button under “session” to begin the registration process

Game Development

Game Development with Unity (Hidden)

Have you ever wanted to design your own video game? Do you want to create and build a world that you can explore? Learn how to build and design your own computer games using Unity. You will learn how to code, use your creativity, all while building your world and using real employable skills that can be used at gaming companies in Dane County and across the nation. Learn what it's like to be a game developer and work side by side with mentors in STEM fields.

Start date: 6/20/2022

Available: Available

Wait list: 0 Wait-listed

Session

\$0.00

STEM

5. A prompt will appear to log in. **A parent or guardian will need to create an account with their own email and password before adding student information. A parent/guardian that is over age 18 needs to create the family account in order to register the student for the program.**

The screenshot shows a "Log in" modal window. It contains an "Email" field with the text "example@domain.com", a "Password" field, and a blue "Log in" button. To the right, there are three social login options: "Log in with Facebook" (with a Facebook icon), "Log in with Google" (with a Google icon), and "Log in with Microsoft 365" (with a Microsoft icon). Below the "Log in" button, there is a link that says "Create an account or reset your password". At the bottom, there is a link that says "Exploring Amilia? Check us out here."

6. After the family account is created using a parent/guardian info, it will prompt you to consent to sharing info with Maydm

The screenshot shows a "Share profile" dialog box. At the top, there is a warning: "Warning! Your email is not confirmed. Click here to confirm it." The main text reads: "In order to go ahead with your purchase, Amilia needs to share your information with Maydm, Inc.. Do you consent to share your Amilia profile with Maydm, Inc.?" At the bottom, there is a checkbox labeled "I consent" which is checked.

7. Select participants to register
 - a. You will need to add your student as another participant. You can add your whole family to the account here.

8. Put in your student's info and click save

9. Select the student who needs to register - a green check mark will appear- then click checkout.

10. Review that the information on this page is correct. Then, click checkout again at the bottom of the page
